

First Data® POS Value Exchange™ Restaurant Solution

First Data, the world's leader in payments processing, presents a comprehensive, cost-effective system that helps manage all aspects of your restaurant business.

Essential Service – Installation support, professional training, and customer care included

Intuitive Software – Easy to train, easy to use

Durable Hardware – Restaurant tested and proven equipment with a 3 year warranty

Integrated Payments Processing – Automated tracking and recording of transactions and tips

Features	Benefits
First Data® credit and gift card processing	Accepts virtually every payment option, including Visa®, MasterCard®/Diners Club®, American Express®, Discover®, and JCB® cards, plus gift cards. Receive transaction approvals in 2-4 seconds
End of shift server reporting	Automatically tracks all sales, including a breakdown of tender types, and automatically calculates the server's bank for them. Servers easily print their report and settle with the house in minutes
Track and manage payroll accurately	Allows tracking of multiple jobs to accurately pay each employee for each shift
Automated pricing, manage order add-ons	Pre-configured prices for menu items eliminate the risk of staff making calculation errors and help ensure customers are charged accurately for their order
Order accuracy	Orders are processed electronically, eliminating the possibility of messy handwriting being misinterpreted in the kitchen

A Global Leader in Electronic Commerce

First Data powers the global economy by making it easy, fast and secure for people and businesses around the world to buy goods and services using virtually any form of payment. Serving millions of merchant locations and thousands of card issuers, we have the expertise and insight to help you accelerate your business. Put our intelligence to work for you.
